LADY THORNTON—A large free blooming cactus of a clear light yellow shading slightly to a greenish yellow at center. This variety is very perfect in form and is excellent for exhibition where extra large blooms of the cactus type are required. The plant is vigorous and healthy and the great abundance of blooms make it one of the most satisfactory dahlias. This variety has been at the Trial Grounds of the American Dahlia Society this past season, but unfortunately the report on it has not been received.

Price per tuber.....\$10.00
